To Whom It May Concern:

I would like to recommend Martin Modl as a candidate for a position with your organization. Martin had been working for the Tabella company as the Senior Project Manager. In spite of his short-term co-operation, which last 4 months, he made significant improvement in processing in the company and led the way to a better projects development.

He quickly found the way to the team of developers he was put in charge with and from his goal oriented attitude benefited many other departments of the company he went in business with.

Martin is the kind of person who can find the way to the solution and/or task fulfillment, if there is any such a way. According to his previous working experience he can offer solution proposals, predictions, estimations and human understandable overview in written and spoken form.

He would add value to any company and I recommend him for any endeavour he chooses to pursue. Please let me know if you have any other questions.

Yours truly,
